## Maria Luisa Hernandez

Née au Chili, [Maria Luisa Hernandez](#) est peintre depuis toujours. Dès l'enfance elle crée avec tout ce qu'elle peut trouver à portée de main. Son diplôme des Beaux-Arts de l'université du Chili en poche, elle m'est en application sa devise " la vie, l'amour et l'ambition" . Elle voyage, explore le monde et élargit ses horizons. Grâce à son parcours qu'elle décrit comme "simple et traditionnel" , les peintures de Maria Luisa Hernandez dévoilent des jeux de lumière.

Elle capture le moment où le paysage n'est plus que le reflet de nos émotions. L'artiste essaie de transcrire dans ses peintures ce qu'elle a vu, ressenti, connu et vécu. Maria Luisa Hernandez exprime son amour et sa passion pour la mer, s'inspire de la pluie et des couchers de soleil au printemps.
